I've made my bed now I must lie in it  
Even though we've done this all before  
And there's not much point denying it  
Because once again it's all my fault  
By trying hard to make you happy  
I've somehow hurt you all the more

How the hell do I look you in the eye?  
I never have the heart to make you cry  
But if you just hear my reasons why  
One day maybe you will understand

### CHORUS

Don't you know that you are not the one to blame?  
I've been going round in circles once again  
I let you fall too deep and god I'm so ashamed  
If you ask me now I will tell you how I'm sorry (I'm sorry) I'm sorry  
I'll never change

Please don't lose your faith in womankind  
You'll find happiness with somebody else  
I'm a bad example of my gender  
I don't represent love too well

Cos something happened long ago  
Now I can't let myself go

Damn, my past keeps nipping at my heels  
Damn, I reject love when it's real  
Damn, I wouldn't be expecting you to deal  
With what my lips reveal

### CHORUS

I guess I'll add this to the pile  
Of great mistakes that I've made  
I'll just keep putting love on trial  
And walk alone until I reach the grave

CHORUS to end
